In the saga of our school's evolution, the venerable figure known as Babuji emerges as a beacon of unwavering belief and a living testament to the axiom, 'Amid difficulty lies opportunity.' Babuji embarked on a transformative journey, guided by the conviction that challenges are stepping stones to success. With an inspired vision and a reservoir of fortitude, he has sown the seeds of an educational revolution, instilling in every heart the belief that even the loftiest goals are within reach.

Against the backdrop of adversity, Babuji's unflagging determination and positive ethos laid the foundation for an educational empire that now stands as the eminent Kothari Educational Group of Institutions. His profound administrative acumen, rooted in the belief that every obstacle is a chance to innovate, has become the driving force behind our school's triumphs. In honouring Babuji, we celebrate not only a visionary leader but also a living testament to the transformative power of belief, reminding us that every challenge is an opportunity waiting to be seized.

MKNS Core Values

From The Chairperson's Desk

Dear Readers, Namaskar!

As you peruse our magazine, MKNS-Insight, allow me to extend a heartfelt invitation to you to explore the intriguing tales of the Kotharians, encompassing both co-curricular and academic achievements. I am thrilled, once again, to have you witness MKNS illuminate the educational landscape with a myriad of trials and triumphs, accolades and laurels, and much, much more in the multifarious fields that we offer at our institution. As the Chairperson of this hallowed institution, observing the remarkable efforts of our students and teachers, combined with their steadfast dedication and collaborative ethos, I am filled with a profound sense of pride.

The ethos of every MKNS initiative lies in yearning to satiate the thirst for knowledge among students, while holistically equipping them with the imperative skills for leadership and the world beyond. Here, we aspire to emerge as a benchmark of contemporary education.

We strongly believe that education transcends traditional boundaries, focusing on uncovering hidden talents and providing a deeply meaningful educational experience for our students. Our commitment to discover and nurture the unique potential within each student remains constant. Our teachers stand as beacons of inspiration and dedication with their commitment to go beyond the classroom, by creating an environment where each student is seen, heard, and encouraged. This ongoing pursuit embodies a mere fraction of the vast continuum of accomplishments where our students consistently elevate the school's stature with each accomplishment. My earnest congratulations to the entire MKNS community, under the adept leadership of its Principal, Mrs. Varsha Kokil, who have proven to be stalwart presences of immeasurable value.

A heartfelt appreciation also goes to the parents who entrust us with the task of nurturing their children. Your active involvement contributes immensely to shaping our children into capable individuals.

Lastly, I want to extend my gratitude to the exceptional editorial team whose dedicated efforts have brought these pages to life. By featuring a variety of academic and extracurricular activities on these pages, the editorial team has beautifully captured our educational journey as a school.

Looking ahead, I am filled with excitement for another year of brilliance, confident that the unyielding spirit of our MKNS family will continue to shine brightly. I wholeheartedly invite you to explore the narratives within these pages and unravel the stories that shape the identity of our school!

Best wishes to each one of you and here's to another year of soaring achievements and boundless inspiration!!

With best regards Arti Kothari

From The Chairman's Desk

"Education is the most powerful weapon which you can use to change the world."

-Nelson Mandela

Namaskar to all my dear readers!

Hearty congratulations to the students and faculty of MKNS for coming out with our prestigious annual magazine- **MKNS Insight.**

The founder of MKNS and my dear father, Late Sri M.M. Kothari would be pleased to witness this hallowed institution celebrate 15 magnificent years of existence all the while adding another illustrious feather to its cap and that is, the inauguration of our latest educational institution at Mumbai.

MKNS continues to grow and surpass all of its goals and objectives and that is in principle dear readers due to the well-wishes of all of you - the management, my students, teachers, parents and the staff that keeps this magnificent cosmos of education always on its toes, going above and beyond, with gears always in hyper-drive and successes always unlimited.

As articulated in the aforementioned quote of legendary activist and South African freedom fighter, Nelson Mandela, MKNS believes that students are not merely passive recipients of established bodies of knowledge, but the future of the country and the world. Correspondingly, the seasoned faculty of MKNS takes a constructivist approach to pedagogy so that children can be empowered to actively participate in the learning process. They are taught to be independent thinkers and innovators as they are the ones who will improve and change the world for the better, in coming times.

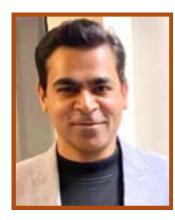

'Change is the only constant' -The prophetic words of Greek philosopher, Heraclitus, are more true today than ever before. Taking note of this, MKNS arms its students with not only the skills but also the fortitude required to navigate the turbulent waters of the 21st century. In accordance, encouragement is given to all-round development in not only the academic arena but in extra-curriculars and life skills as well.

This assertion is buttressed by yet another successful publication of the MKNS Insight. It is the product of the tireless efforts of students and teachers alike - an encapsulation of the fruitful academic year 2024-25.

I look forward to many more glorious years of educational excellence and ascending greater heights

Warm regards, Deepak Kothari

From the Director's desk

Dear Readers, Namskar!

As the school year progresses, it is with great pleasure that I reach out to you through our school magazine 'MKNS-Insight'. It serves as a beacon of our collective achievements, aspirations and the vibrant community we've built together.

First and foremost, I extend my heartfelt gratitude for your unwavering support and trust in MKNS. Your partnership is integral to the success of our students and it's a privilege to work hand in hand with you to nurture their growth and development.

As we navigate the ever-evolving landscape of education, I am continually inspired by the resilience and adaptability displayed by our students, teachers and staff. Together, we have embraced challenges as opportunities for learning and innovation, ensuring that every child receives a holistic education that prepares them for the complexities of the world beyond our walls.

I would like to take this opportunity to celebrate the accomplishments of our students, both academic and beyond the classroom. Their dedication, creativity and passion are a testament to the values we instill in them each day. Whether it's excelling in academics, participating in extracurricular activities, or demonstrating acts of kindness and leadership, our students continue to impress and inspire us all.

As we look ahead to the remainder of the academic year, let us reaffirm our commitment to fostering a nurturing environment where every child feels valued, supported and empowered to reach their full potential. Together, we will continue to uphold the highest standards of excellence and ensure that our school remains a place where dreams take flight and futures are shaped.

Thank you once again for your ongoing support, collaboration and dedication to the success of our students. With your partnership, I am confident that we will continue to make a positive impact in the lives of our children and the community at large.

Wishing you and your families continued health, happiness and success.

Warm regards, Mayur Shah Director MKNS

From the Dean of Academics

Dear Parents, Students and Faculty,

As we reflect on the journey of learning and growth that defines our academic community, I am filled with immense pride and gratitude for the dedication and commitment of each individual within MKNS.

Academic excellence lies at the heart of our institution and it is through the collective efforts of our students, teachers and support staff that we continue to uphold and advance this standard of excellence.

I commend our students for their thirst for knowledge, their perseverance in the face of challenges and their eagerness to explore new horizons. Your passion for learning not only enriches your own lives but, also inspires those around you to strive for greatness.

To our esteemed faculty members, I extend my deepest appreciation for your tireless efforts in fostering a dynamic and stimulating learning environment. Your expertise, passion and dedication are the driving force behind our students' academic success and I am grateful for the invaluable contributions you make to our school community each day.

As we embark on the journey ahead, let us remain steadfast in our commitment to academic rigor, intellectual curiosity and lifelong learning. Together, let us continue to explore new frontiers of knowledge, challenge the status quo and empower our students to become critical thinkers, compassionate leaders and global citizens.

I am confident that with our collective determination, resilience and spirit of collaboration, we will overcome any obstacle and achieve new heights of academic excellence. Let us embrace the opportunities that lie ahead with enthusiasm, optimism and a steadfast belief in the transformative power of education.

Thank you for your continued support and partnership as we work together to empower the next generation of leaders, innovators and changemakers.

With warm regards, Pradnya Gokhale Dean - Academics MKNS

From the Principal's desk

As the Principal of the school, I take this opportunity to share all the avenues we tap at Mansukhbhai Kothari National School, in order to learn and discover. We firmly believe that we are a community of learners where everyone learns, including our teachers, parents and staff, every day.

We at Mansukhbhai Kothari National School firmly believe in upholding high standards with an absolute commitment to strive to understand and improve the educational process using the latest teaching strategies while focusing on student achievements.

Our dedicated and competent staff is constantly exploring diverse strategies to foster a positive learning environment for all our students. Our staff endeavours to nurture trusting relationships where students feel respected and appreciated. Teachers lovingly and patiently help students in developing personal responsibilities, self-control, good decision making skills, self-confidence and character building with high moral values. This is achieved by incorporating our Founder's Vision and Core Values in all the curricular and co-curricular activities and into the teaching-learning process. We are also working hard towards creating awareness about the UN's 17 Sustainable Development Goals, in our effort to groom our students as future world leaders.

Your child's learning and all-round development involves and revolves around an effective synergetic partnership between home and school. We also realise that the stronger our synergetic partnership is, the more your child will benefit.

Our prime focus is to groom our future generation into future world leaders working for excellence all around for a preferred future. We also understand and appreciate the responsibility placed on us by the parents and the society at large.

I take this opportunity to reassure you that my team and I will constantly strive to fulfil our responsibility. We thank you for the support and trust you place on us as an institute.

At Your Service, Varsha Kokil Principal MKNS

Co-ordinator's Message

Greetings!

Being a part of the Kothari Family for the past twelve years and serving as the Pre-primary Coordinator at

Mansukhbhai Kothari National School brings me immense joy and fulfillment. I deeply value this opportunity to shape the educational journey of our students, especially during their formative years.

In MKNS, our main goal is to prepare students for a lifetime of learning beyond their school years, always prioritizing their well-being and growth. I strongly believe in the power of collaboration among teachers, parents and administrators to create an environment where young learners can thrive and achieve their full potential.

Through our holistic play-based approach, children in MKNS engage in various forms of learning, including language, play, drama, art, music and movement. We nurture their natural curiosity about the world and encourage deep thinking and hands-on experiences to promote knowledge retention and personal growth. Our ultimate aim is to provide a joyful learning experience that lays a strong foundation for children, as they progress to other stages.

In conclusion, every child is cherished as a unique individual with limitless potential, ready to shine brightly in their own way.

Warm Regards, Manisha Milani Asnani Pre-primary Co-ordinator Kothari Starz

Co-ordinator's Message

"Education is not the learning of facts but the training of the mind to think"

-Albert Einstein

A good quality education is a foundation for dynamic and equitable societies. At MKNS, we aim to prepare our students for effective participation in a rapidly evolving and increasingly global society. While academic excellence is our major focus, we are also devoted to enhance skills like team spirit, inquisitivity, creativity, coordination and sympathy in a child - right at the foundational stage.

In MKNS, we believe that children must be taught how to think, not what to think. MKNS provides an inclusive environment where students are encouraged to put their best foot forward to achieve academic, sporting and social excellence.

The school provides an environment where the children realise their worth as a responsible, balanced and valued member of society and believe in the concept of creating an ambient future for all. The school leaves no stone unturned when it comes to providining counselling sessions from time to time.

We are focused on being a student and learning-centered school that is consistently moving forward in preparing students to be successful as modern global citizens along with the support of cooperative parents.

Warm Regards, Varsha Shinde Primary Co-ordinator

From the Editorial Board

As we step into this new chapter, it's natural to reflect on where we have been and where we are headed. Every new beginning brings a chance to redefine our goals, reshape our paths and rekindle our passions.

In the face of challenges, it's often easy to feel overwhelmed or uncertain. Yet, it's in these moments of uncertainty, that we find our true strength. Every hindrance is an opportunity in disguise - a chance to learn, grow and emerge stronger than before.

This period of transition is not just about starting over but, about moving forward with renewed vigour and optimism.

As we embark on this journey together, let's commit to supporting each other, celebrating our progress and staying focused on our shared vision.

Let's make this chapter our most inspiring one yet, filled with courage, creativity and relentless pursuit of our dreams. Together, we have the power to turn every challenge into a triumph and every dream into reality.

In education, rapid amendments can be realised from time to time. Students are the architects of tomorrow, building a foundation of knowledge today. Every student holds the potential to transform the world with their dreams and efforts. INSIGHT is to be viewed with the perspective of pioneers, as it embarks the young phenoms.

A newsletter is a reflection to showcase the skills of its team. It is indeed a channel to depict various skills of our students, viz. scholastic, creative, leadership, technological proficiency, adaptability, collaboration and competencies.

The journey of a student is marked by exploration, growth and the pursuit of endless possibilities.

The Editorial team takes this opportunity to express its heartfelt appreciation to our Principal Mrs. Varsha Kokil, for her persistent support and guidance. We are indeed thankful to the entire MKNS team for their endless endeavours. We extend immense admiration to our dear parents, who bolstered us in every sphere of life.

Here's to new beginnings and the incredible potential they hold.

Happy Reading!

Warm Regards,
Shannon Parambi

Kothari Starz Highlights

A Field trip to the Vegetable Market

Date: 16April, 2024

On Tuesday, 16 April, 2024, the Kothari Starz students went on an exciting educational trip to Reliance Mart, Salunke Vihar. The K2 children explored the grocery store, learning to identify healthy and junk food, observing the billing process and practicing good manners. The visit provided a valuable real-world learning experience, reinforcing classroom concepts

through hands-on exploration and interactive discussions—all under the warm guidance of the store manager and our dedicated teachers.

Go Farming Day

Date: 2 August, 2024

On 2 August, 2024, our preschoolers celebrated Farming Day with great enthusiasm! The young learners planted vegetable seeds, discovering how plants grow and the importance of caring for them. It was a joyful, hands-on experience that sparked curiosity and excitement as they began their journey of nurturing nature.

A Colourful Diwali Celebration

Kothari Starz celebrated the spirit of Diwali with joy and enthusiasm. The little ones were engaged in creative festive activities, spreading happiness and excitement. The students dressed in vibrant traditional attire and embraced the rich cultural heritage of the festival.

Disney Day Celebration

The tiny tots celebrated 'Disney Day ' with much excitement and fervour. They all dressed up as different characters of Disney and showcased their talents. This activity was not only aimed to make the kids confident about dressing up in fancy dresses but also to speak and walk up on the stage confidently, build social skills and learn new vocabularies.

Kids Carnival

The students of Pre-primary celebrated Children's Day with a number of activities like chocolate making, paper mache, some games and tattoo making in the carnival. They enjoyed the day to the core.

Annual Day

The Annual Day of Kothari Starz, held under the enchanting title 'The Starlight Saga', brought the classic tale of The Pied Piper of Hamelin to life. Our young performers dazzled the audience with their music, dance and drama, bringing the story to life with energy and charm. It was a magical evening that celebrated creativity, confidence and the joy of expression.

Field trip to a garden

My Garden
I have a beautiful garden,
And I am its warden.
My white lilies dance,
As butterflies pranc
For nectar, bees sing,
And say, "Flowers are king!"
They love and care,
For the beauty they share.
No one has a figh
Everything is alright!

Mother

A mother's love is pure and kind, A treasure rare, so hard to find. She holds us close, her heart so true. In every moment, she sees us through. Her hands may tire, her strength may wane, Yet for her child, she'll bear the pain. Her smile's a balm, her voice so sweet, A comfort no one else can meet. Through storms of life, she'll stand so tall, A steady rock for one and all. Her wisdom guides, her care inspires, Her love ignites our deepest fires. Oh, dearest mother, forever stay, Our shining light, our guiding ray. In every heart, your love will shine, A gift eternal, pure, divine.

Never Give Up!

A long time ago there lived a boy named Richard in a village. He was very happy with his family but his happiness could not last for long. Richard and his fellow villagers faced a severe drought. They desperately waiting for rains but with no luck, all the crops, land, and even trees dried up. Even the stream was drying up slowly.

One night, during a meeting with the villagers, Richard said "Friends, we have all heard tales from our grandparents about an underground river flowing through our village. Why don't we dig and see?" The villagers agreed and started digging. They dug for some days but gave up soon. However, Richard kept on digging. When people told him to give up, he said, "God is helping and guiding my way"

One day, when he had dug deep enough, Richard saw water, His attitude of not giving up saved the whole village "Never give up so easily", Richard advised all villagers. Now, they were never short of water, and whenever any problem used to arise, all the villagers came up together to find a solution.

Moral of the story – Whatever the situation is good or bad we should always stand for ourselves. The cloud has a silver lining. Never give up.

The Broken Butterfly

Once upon a time, in a small garden, there lived a beautiful butterfly named Luna. Luna loved flying around the garden, exploring everything and taking nectar from the colourful flowers.

One day, while flying too close to a thorny bush, Luna's wing got badly damaged. She fell to the ground, unable to fly. The other butterflies and insects in the garden tried to help her, but no one knew how to fix her broken wing. Luna felt hopeless and alone. She thought her flying days were over and that she would never experience the joy of flying the air again.

But Luna refused to give up. She remembered the words of a wise old bee: "Even the smallest creatures can make a big difference." Luna realized that she didn't need to fly to be useful. She could still explore the garden, but this time, on foot.

Luna discovered a new world of tiny creatures and hidden wonders. She made friends with ants, beetles, and even a snail. Together, they explored the garden's secrets. As Luna adapted to her new life on the ground, she realized that her broken wing was not a limitation, but an opportunity. She learned to appreciate the beauty of the garden from a new perspective.

The story of Luna, the broken butterfly, teaches us that:

The story of Luna, the broken butterfly, teaches us that:

Sometimes, we face unexpected difficulties, but we should find new ways to overcome it.

Breathless Silence

Without air, the world stands still,
No whispers on the gentle wind, no thrill.
The trees are mute, the oceans freeze,
No gentle blow, no fluttering leaves.
Sky turns dry, the stars decline,
Silent mouths with no breath to find.
A hollow pulse where life once bloomed,
Darkened skies, a future doomed.
In this void, we wind up to dare,
A life exists—without the air

The Importance of Moral Values in a Student's Life

Moral values are very important for students, as they help them understand what is right and wrong. Values like honesty, kindness, respect, responsibility make a person good and trustworthy. They guide us to behave nicely with others and make the right choices in life. By following moral values, students learn to be disciplined, hardworking, and caring. These qualities help them do well in studies and also become a good individual. Moral values not only make life peaceful but also help us build strong relationships and make the world a better place.

Importance of Reading

Everyone thinks Reading is quite a boring hobby and as a student, even I never liked to pursue it. We find it boring because in today's scenario, the world is ruled by using screens. But reading helps you in many ways: It's like a friend who's always stay with you. It takes you into a different world, where you can experience and learn things without experiencing it in your real life. It not only gives you experiences but also boosts your imagination and memory. Reading books is like investing your time in it, which help you reduce stress. As said it is like your best friend to rely. especially when you are bored, lonely, depressed, happy etc. It will always lead you to the right path. Even though the fact is that, in this world of screens it is difficult to stop a screen and start reading a book. So Instead of Stopping it suddenly, let's reduce it's usage 15–20 minutes daily and invest that time in reading a book. Sometimes just reading can also be dull, so Audio books, comics are some fun alternatives.

Empowering Educators: Exploring AI in Education

Date: 21 December, 2024

MKNS teachers participated in an insightful CBSE training session on integrating Artificial Intelligence into classrooms. This 6 hour long workshop explored innovative AI tools, curriculum integration strategies and ethical AI usage - equipping educators to create dynamic and personalized learning experiences.

In MKNS, we remain committed to empowering our teachers with the latest knowledge, ensuring they shape the future of learning with innovation and excellence!

Empowering Educators: A Two-Day Capacity Building Programme

Mansukhbhai Kothari National School hosted a two-day Capacity Building Programme, held on the 25th and the 26th of March 2025, aimed at enhancing teaching competencies and assessment design. The sessions were led by

Mr. Mahesh Bhalerao,

Vice Principal of St. Joseph School, Saswad and

Dr. Ashwini Pansare,

Principal of Abhinav Public School and Junior College, Pune.

Educators explored innovative strategies for integrating core competencies and gained valuable insights into competency based assessment design. The sessions were well-received, with participants appreciating the practical, classroom-focused approach.

FINANCIAL LITERACY

At MKNS, financial literacy is built through interactive activities and real-world applications. Students learn key concepts like budgeting, banking, security, and digital payments. Events like the School Carnival allow them to gain hands-on experience, manage finances, and explore entrepreneurship by running their own stalls. This approach empowers students with essential life skills for the future.
